Mr. W. L. Parsons,

Los Angeles, Cal.

Dear Sir:

The American Journal of Numismatics was discontinued several years ago. In place of this, there has been issued by this Society a series of individual booklets, known as Numismatic Notes and Monographs. These are issued at irregular intervals, numbering from five to ten a year, at varying prices. They are sent to all members free.

If you desire these, it would be far better to become a member of the Society at $5.00 a year; especially as the retail price of a year's issue of booklets exceeds this amount. I am herewith enclosing a membership card.

Yours very truly,

Curator.
